

# FGA ELECTION INTEGRITY ALERT

## Clerk Work—The Next Progressive Attack on Election Integrity

### What is Clerk Work?

- Clerk Work is a three-year project of Run for Something, a progressive political action committee.
- The project’s goal is to recruit leftist candidates to run for state and local elected offices that exert control over America’s election process.
- These offices include:
  - county probate judges and registrars
  - county election board members
  - county clerks
  - state secretaries of state, and more.

There are **35 states** that elect these election administrators that are being targeted by Clerk Work.<sup>1</sup>

### The Sinister Motive Behind Clerk Work

- A Clerk Work memo to donors described its goal as **“taking over our election administration infrastructure at the local level.”**<sup>2</sup>
- But election administrators are expected to do their jobs *objectively and free from political influence.*
